The only exception to this is when the final jumper or vaulter chooses the bar height. When all Qualifying marks are in, the qualifying athletes and relay teams will be ranked from best to worst. For qualifiers with identical marks those positions will be assigned randomly. The place at the qualifying meet will not be considered when ranking.

HIGH JUMP and POLE VAULT

The qualifiers, including extra qualifiers, will be placed in 2 flights. The first flight will be the bottom half of the athletes from the entry marks in reverse order. SPECIAL RULES FOR RUNNING EVENTS

FAT TIMING SYSTEM

Fully automatic timing system will be used for all running events. The timing system operators may recall races in the event of the FAT system malfunctioning. If a malfunction occurs during a preliminary heat, backup systems may be used for all heats to determine advancement and seeding to the finals. State Meet Managers are authorized to use official pictures of the finish to assist meet officials in making final decisions. This would include videotaping. These pictures are to be used by and are available to meet officials only.

STARTING BLOCKS

Starting blocks will be provided for competitors to use. No personal blocks or block holders will be allowed on the track.

ATHLETE CHECK IN

Entries must be checked in with the Clerk of the Course prior to an event. There will be three notifications and/or calls for all events. All event notifications will be distinguished by gender and classification. All contestants should report to the Clerk of the Course when first called, approximately 25 minutes prior to the start of the event. It is the ultimate responsibility of the athletes to check in with the clerk to find out the progress of the meet. **Any contestant not checked in to the clerking area by third call risks being scratched from the event.**

Runners will be escorted to the starting line, by the clerk, and placed in their proper lanes or position.

If a competitor is competing in a field event and running event held at the same time, **the athlete must check-in with the clerk before the beginning of both events.** He/she may then report directly to the starting line where he/she will seek out a Clerk for final check-in and instruction. The event start will NOT be delayed for any athlete who reports late.

FINISH

For races finishing in assigned lanes, runners at the end of each race are to stay in their lanes until they are dismissed.

STAGGERS

The 400M run will be run in lanes the entire distance, compensated for by the appropriate stagger.

The 800M run will be staggered for one (1) turn and the contestants must stay in their lanes until after they have crossed the break line (cones) at the end of the first turn.

The three-turn stagger will be used for the 4x200M relay. All runners and exchanges in the 4x200M relay must stay in their lanes except the last runner who may cut in after receiving the baton.

WARM UPS

Vertical jumps: Warm-ups open 40 minutes prior to the start of the High Jump and 60 minutes prior to the start of the Pole Vault, under the supervision of the head judge. Warm-ups end 10 minutes prior to the start of the event to allow the announcer to do introductions, and the head judge to give instructions to all competitors.

Throws and horizontal jumps: Warm-ups open 40 minutes prior to the start of the event under the supervision of the head judge. There will be 15 minutes of general warm-ups. At twenty-five (25) minutes before the event starts there will be 15 minutes of flight one only warm-ups. Warm-ups end 10 minutes prior to the start of the event to allow the announcer to do introductions, and the head judge to give instructions to all competitors.

For subsequent flights there will be 15 minutes of warm-ups followed by instructions. For finals there will be 10 minutes of warm-ups. Competitors not present at the end of the previous flight risk missing their warm-ups.

All events: With an inordinately large number of entrants due to allocations or qualifying mark ties, the games committee may increase warm-up time. At qualifying meets that do not do introductions the games committee should delay the timeline by 5 minutes.

VERTICAL JUMPS - HIGH JUMP/POLE VAULT

The NFHS rule about passing shall apply. When an athlete returns from competing in another event, the athlete will enter the competition at the height in progress. The bar will not be raised during the excuse time. The bar will not be lowered.

Starting heights will be one interval below the lowest qualifying height rounded down to the nearest whole inch.

In the high jump, the cross bar will be raised in 2" intervals until four (4) or fewer contestants remain. Thereafter, the bar will be moved up in 1" intervals, until one contestant remains.

In the pole vault, the cross bar will be raised in 6" intervals until four (4) or fewer contestants remain. Thereafter, the cross bar will be raised in 3" intervals, until one contestant remains.

For the pole vault event, each contestant, prior to the warm-up, must present to the head event judge a WIAA weight certification form ([State Vaulter Weight Verification](#)). This form must be filled out, dated, and signed by the appropriate parties. A contestant will not be allowed to warm-up or compete without a properly completed form.

Pole vault poles will be inspected and certified at the pole vault venue by the Head Official. Poles must be clearly marked with the proper markings. Any pole that is presented for inspection that is improperly marked or otherwise illegal will be impounded and picked up after the event is complete. Competitors may not use the pole of other individuals without their consent. Any competitor who vaults on a pole that is rated below their allowable weight will be disqualified from the event.

NOTE: Pole Vault poles MUST be clearly labeled with the pole rating on a ¾-inch minimum label in a contrasting color. Etchings alone shall not replace the requirement of the manufacturer's pole rating label. Contact the manufacturer directly to acquire new or replacement labels.

Each team must have a certified pole vault coach on site during practice and competition.

An individual athlete MAY be entered in a maximum of four (4) individual events and may also be listed as a member of any or all relay teams. An individual athlete MAY NOT COMPETE in more than four (4) events (individual and/or relays) TOTAL. Coaches - be reminded that the individual event competition limitation of four (4) events is both an NFHS and WIAA rule. An athlete listed on the relay form is not considered to have competed in the relay unless they physically run as a member of the relay team in that meet.

RELAYS

The DEFINITION OF A RELAY TEAM MEMBER is as follows: Up to eight (8) members are listed and only those listed are eligible to run. Any four of those listed are eligible for each race starting with the preliminary heat of the qualifying meet and ending with the State finals. The relay counts as an event for those who run.

Only one (1) team per school may compete. The relay team roster submitted at your District/Regional qualifying meet will be your roster for the State meet. No substitutes are allowed. Coaches are instructed to use Athletic.net to submit Relay Team participants to the Qualifying Meet Manager. The same eight runners will be the only members allowed to compete at the State meet once the form is submitted to your Qualifying Meet Manager. FOR THE QUALIFYING MEET RELAY ENTRIES, COACHES SHOULD ALWAYS LIST MORE THAN FOUR RELAY MEMBERS - COACHES ARE PERMITTED TO LIST A MAXIMUM OF EIGHT (8). If any of the submitted runners becomes ineligible, the roster must remain the same. If the relay entries are not turned in by the start of the qualifying meet, the team will not be allowed to participate.

See Inclusive Division section for additional guidance in those relays.

UNIFORM INFORMATION

The NFHS Track and Field Rules Book uniform rule 4-3 will be enforced. It is the individual athlete and relay teams' responsibility to compete in the proper uniform. Failure to comply with the spirit and intent of the rule could cause a competitor or relay team to be disqualified from an event. All contestants, in both the running and field events must wear their numbers when competing. Competitor numbers will be worn on the front of the uniform, with the exception of pole vault competitors who may wear their number on the back.

The top must hang below or be tucked into the waistband of the bottom when the competitor is standing erect. Uniforms will be required to be tucked into the shorts, if necessary, at the start of the event so the hip number is not blocked. This will be enforced by the clerk and starters. Hip numbers will be used for all running events and will be worn on the hip facing the FAT camera.

Religious head-coverings are allowed. Other head coverings such as hats/bandanas/handkerchiefs are allowed but must be a single solid color with a total of one manufacturer's logo allowed on the head. Logo must meet the same size limit as the uniform rule.

Any item which is costume-like is not allowed.

Removing any part of the team uniform, excluding shoes, while in the area of competition, is illegal.

All relay team members must wear uniforms clearly indicating, through predominant color, school logo and color combination of all outer garments worn as a uniform, that members are from the same team.

NOTE: The official should be able to observe that all members are from the same team.

ATHLETE ELECTRONICS

NO ATHLETE electronics will be allowed in the competition area (inside the fence around the track or in the athlete areas of the field events) in compliance with WIAA Qualifying meet guidelines and NFHS Rule 3-2. These items include but are not limited to cell phones, earbuds, and headphones.

Only credentialed photographers and coaches will be allowed to photograph or video inside the competition area.

Athletes and coaches wishing to view competition video during ACTIVE competition will be required to move to a designated coaching area or leave the competition area. Athletes may view video over the fence with the coach in a designated coaching area. NO ATHLETE may delay the progression of the meet by viewing video. Excuse time will NOT be granted to an athlete so they may leave the competition area to view video. If an athlete misses their attempt by leaving the area to view video, they will receive a TIME FOUL and will NOT be granted an opportunity to make up the missed attempt. Electronic communication devices, unofficial video, and video screen replays may not be used for any review of a referee's decision or to communicate with an athlete during a race or trial.

ATHLETE MEDICAL INFORMATION

- Any athlete who requires a medical accommodation (medication patch, diabetic pump, joint brace, atomizer, inhaler, etc.) during competition will need to provide a medical documentation letter to the Meet Director prior to the start of competition at the State Meet.
- Use of KT tape does not require medical documentation.
- The wearing of a medical alert with the alert visible is encouraged for risk minimization.
